The Community Synagogue's Summer Program

in operation for over 20 years, has been developed to meet the needs of the young child. Our program enables children to enjoy a fun and safe summer playing and learning in our state-of-the-art beautiful Early Childhood Center and our 12-acre wooded estate.

The main objective of our summer program is to provide the children a fun and safe summer. We seek to offer a program which broadens each child's experiences, in an exciting, social and non-competitive environment.

The staff is the heart and soul of any organization. At The Community Synagogue, each group is supervised by experienced, responsible adult early childhood professionals who understand what is best and developmentally appropriate for young children. All of our groups are kept small for maximum supervision and individual attention for each child.
